CHRONIC ILLNESS

A human health condition or disease that is persistent or otherwise long-lasting in its effects or a disease that comes with time. The term *chronic* is often applied when the course of the disease lasts for more than three months. Common chronic diseases include arthritis, asthma, cancer, obesity, diabetes and viral diseases such as hepatitis C and HIV/AIDS.

CLIMATE CHANGE

A broad range of global phenomena created predominantly by burning fossil fuels, which add heat-trapping gases to Earth's atmosphere (Source: NASA.gov).

COASTAL HIGH HAZARD AREA

As defined by F.S. 163.3178(2)(h), the coastal high-hazard area is the area below the elevation of the category 1 storm surge line as established by a Sea, Lake, and Overland Surges from Hurricanes (SLOSH) computerized storm surge model.

COASTAL PLANNING AREA

The Coastal Planning Area (CPA) includes the offshore reef, the barrier island, the Intracoastal Waterway, and the waterway's western shoreline. The CPA for the City of Delray Beach includes all land within the Coastal High Hazard Area (CHHA), as defined by Florida Statutes and depicted on Coastal High Hazard Area Map.

COMMUNITY PARKS

Community parks are usually more than five acres but less than 25 acres in size, providing active and, to a lesser degree, passive recreational facilities to population areas within three miles of the facility.

COMMUNITY RESIDENCE

Except as required by state law, a community residence is a residential living arrangement for up to 10 unrelated individuals with disabilities living as a single functional family in a single dwelling unit who are in need of the mutual support furnished by other residents of the community residence as well as the support services, if any, provided by the staff of the community residence. Residents may be self-governing or supervised by a sponsoring entity or its staff, which provides habilitative or rehabilitative services, related to the residents' disabilities. A community residence seeks to emulate a biological family to normalize its residents and integrate them into the surrounding community. Its primary purpose is to provide shelter in a family-like environment; treatment is incidental as in any home. Supportive inter-relationships between residents are an essential component.

COMPLETE STREETS

Per the City's adopted policy (GA-50 effective 11/01/2016) community streets that are planned, designed, operated, and maintained to promote safe, comfortable, and convenient access and travel for people of all ages and abilities.

CONCURRENCY

The timely provision of public facilities concurrent with new development.

CONSERVATION

Policy and practice that acknowledges that some resources are finite, and should be preserved.

CONSOLIDATED PLAN

The Consolidated Plan is one key component of the Community Development Block Grant Program. It is a planning document in which the City identifies and prioritizes the community's needs over a five-year period. The Consolidated Plan is designed to help local jurisdictions to assess their affordable housing and community development needs and market conditions, and to make data-driven, place-based investment

DEFINITIONS

decisions. The consolidated planning process serves as the framework for a community-wide dialogue to identify housing and community development priorities. The Consolidated Plan contains certain specific elements required by HUD – summarize the City's priority needs, describe the basis for assigning the priorities, set specific goals and objectives and describe how it plans to allocate funds to meet these identified needs.

CONTINUING CARE FACILITY

A facility which furnishes shelter and either nursing care or personal services, pursuant to an agreement, whether such nursing care or personal services are provided in the facility or in another setting designated by the contract for continuing care to an individual not related by consanguinity or affinity to the provider furnishing such care, upon payment of an entrance fee. Other personal services provided shall be designated in the continuing care contract. Contracts to provide continuing care include agreements to provide care for any duration, including contracts that are terminable by either party. "Personal services" means direct physical assistance with or supervision of the activities of daily living and the self-administration of medication and other similar services which the Department of Elderly Affairs may define by rule. "Personal services" shall not be construed to mean the provision of medical, nursing, dental or mental health services. Continuing Care Facilities shall be accommodated in the same manner with respect to the number of residents and the number of units as required for the respective structures of either a single family unit, duplex unit or multi-family unit in the zoning districts where allowed.

COTTAGE HOUSING

Cottage housing is generally defined as a grouping of small, single family dwelling units clustered around a common area and developed with a coherent plan for the entire site.

CO-WORKING

A space where two or more people are working in the same place together yet not for the same company.

D

DENSITY

The ratio of the number of dwelling units in relation to the area included within the property lines.

DENSITY BONUS PROGRAM

The Density Bonus program is an incentive program intended to encourage developers to

build either owner-occupied or rental workforce housing within the City of Delray Beach.

DISABILITY

A disability is a physical or mental impairment that substantially limits one or more of an individual's major life activities, impairs an individual's ability

DEFINITIONS

to live independently, having a record of such an impairment, or being regarded as having such an impairment. People with disabilities do not include individuals who are currently using alcohol, illegal drugs, or using legal drugs to which they are addicted nor individuals who constitute a direct threat to the health and safety of others.

DISTRICT PARKS

District parks are generally greater than 25 acres in size and primarily provide mostly active recreational facilities and serve a large area of the city.

DWELLING, MULTIPLE FAMILY

F

FAMILY

"Family" shall mean two or more persons living together and interrelated by bonds of consanguinity, marriage or legal adoption, and/or a group of persons not more than three in number who are not so interrelated, occupying the whole or part of a dwelling as a single housekeeping unit that shares common living,

sleeping, cooking, and eating facilities. Any person under the age of 18 years whose legal custody has been awarded to the State Department of Health and Rehabilitative Services or to a child-placing agency licensed by the Department, or who is otherwise considered to be a foster child under the laws of the state, and who is placed in foster care with a family, shall be

DEFINITIONS

deemed to be related to and a member of the family for the purposes of this definition. A family does not include any society; nursing home; club; boarding or lodging house; dormitory; fraternity; sorority; or group of individuals whose association is seasonal or similar in nature to a resort, motel, hotel, boarding or lodging house.

FAMILY COMMUNITY RESIDENCE

A family community residence is a relatively permanent living arrangement for four to 10 unrelated people with disabilities with no limit on how long a resident may live in the home. The length of tenancy is measured in years. Oxford House is a family community residence.

FEDERAL POVERTY LEVEL

A measure of income issued every year by the United States Department of Health and Human Services. Federal poverty levels are used to determine eligibility for certain programs and benefits.

FLOOR AREA RATIO

"Floor Area Ratio (FAR)" is the total gross floor area of the building(s) on a lot divided by the total lot area, as further defined in the Land Development Regulations. FAR is a tool to regulate the volume, shape, and spacing of a building to improve the relationship of a building to the surrounding development and the street.

FLORIDA MASTER SITE FILE

The Florida Master Site File is the State of Florida's official inventory of historical cultural resources. Categories of resources recorded at the Site File include archaeological sites, historical structures, historical cemeteries, historical bridges and historic districts.

FOOD DESERT

According to the United States Department of Agriculture (USDA), food deserts are typically low-income areas that lack easy access to

transportation, where a substantial number of residents are at least a mile away from the nearest grocery store, resulting in limited access to affordable, nutritious foods.

FUNCTIONAL CLASSIFICATION

The process when streets and highways are grouped into classes, or systems, per the character of service they provide. Classification categories common to roadways are Principal Arterial – Interstate, Minor Arterial, and Collector.

- **Principal Arterial.** Interstate. Example. I-95
- **Minor Arterial.** Minor Arterials provide service for trips of moderate length, serve geographic areas that are smaller than their higher Arterial counterparts and offer connectivity to the higher Arterial system. In an urban context, they interconnect and augment the higher Arterial system, provide intra-community continuity and may carry local bus routes (Source: US DOT and FHWA). Example: Linton Boulevard
- **Collector.** Major and minor roads that connect local roads and streets with arterials. Collectors provide less mobility than arterials at lower speeds and for shorter distances. They balance mobility with land access. The posted speed limit on collectors is usually between 35 and 55 miles per hour (Source: US DOT and FHWA). Example: Lowson Boulevard.

G

GARAGE APARTMENT

A detached accessory building which contains an enclosed space for one or more motor vehicles and an accessory dwelling unit.

GREENHOUSE GAS

Gases that trap heat in the atmosphere are called greenhouse gases, which include carbon dioxide (CO₂), Methane (CH₄), Nitrous oxide (N₂O), and fluorinated gases.

GREEN INFRASTRUCTURE

Open space or landscaping that provides storm water management through natural processes.

GROUNDWATER

Water in the soil, pores, or fractures in rocks beneath the surface of the ground.

GROUNDWATER RECHARGE

The process where water moves from surface water to groundwater, and eventually to the aquifer.

H

HEALTHY COMMUNITY

DEFINITIONS

N

NATIONAL REGISTER OF HISTORIC PLACES

A federal listing maintained by the United States Department of the Interior of buildings, structures, and districts that have attained a quality of significance as determined by the Historic Preservation Act of 1966, as amended.

NEIGHBORHOOD PARKS

The smallest class of park, neighborhood parks are generally less than five acres in size, and in many cases are less than one acre in size.

NEW DEVELOPMENT

The construction of a building or buildings or other improvement(s) on vacant property or a new

stand alone building on a developed property, excluding in-fill development.

NON-HISTORIC STRUCTURE

A structure which does not add to the historic architectural qualities, historic associations, or archaeological values for which a district is significant because it was not present during the period of significance of the district, due to alterations, disturbances, additions, or other changes, it no longer possesses historic integrity reflecting its character at that time or is incapable of yielding important information about the period, or it does not independently meet the National Register of Historic Places criteria for evaluation. Also referred to as a Non-Contributing Structure.

O

OPTIMAL HEALTH

According to the World Health Organization is state of complete physical, mental, and social well-being and not merely the absence of disease.

P

PEER GROUPS – NETWORKS

A business owner-entrepreneur discussion group designed to provide general strategic or management insight and expertise to those by and in the group.

PHYSICAL ACTIVITY

Involves access to open space, parks, availability of sidewalks, trails, bike paths where people can walk to open space facilities to exercise, swim, play sports or enjoy a day at the beach.

PLANNING AREA

The area shown in the Comprehensive Plan map series, which is identified for future annexation.

POST-TRAUMATIC STRESS DISORDER (PTSD)

Is a mental health condition that's triggered by a terrifying event - either experiencing or witnessing such an event. Symptoms may include flashbacks, nightmares and severe anxiety, as well as uncontrollable thoughts about the event.

POTABLE WATER

Water that is safe for drinking or food preparation.

PUBLIC-PRIVATE PARTNERSHIPS

A mutually beneficial relationship between a unit of government and a private or non-profit sector organization, designed to maximize the impact of a strategic investment by the unit of government.

DEFINITIONS

R

RECLAIMED WATER

Converted w that can be reused for other purposes. It can be treated to attain drinking water standards, or it can be used for irrigation or groundwater recharge.

REDEVELOPMENT

Undertakings, activities, or projects initiated or supported by a unit of government to address slum and blight, or increase the tax base through projects that improve the quality of life for residents and visitors to the city.

TRANSPORTATION CONCURRENCY EXCEPTION AREA

A geographic area that allows the City to develop and redevelop without being constrained by the capacity standards of Palm Beach County's Transportation Performance Standards Ordinance. The TCEA identifies alternatives to expanding roadway capacity that benefit overall mobility.

DEFINITIONS

W

WALKABILITY

The extent to which the built environment is friendly to the presence of people living, shopping, visiting, enjoying or spending time in an area. Walkability is a measure of how friendly an area is to walking and has health, environmental, and economic benefits. Factors influencing walkability include the presence or absence and quality of footpaths, sidewalks, trails or other pedestrian rights-of-way, traffic and road conditions, land use patterns, building accessibility, and safety, among others.

very low, low, moderate or high moderate income households.

WETLANDS

Areas where water covers the soil, or is present either at or near the surface of the soil all year or for varying periods of time during the year, including during the growing season. Water saturation (hydrology) largely determines how the soil develops and the types of plant and animal communities living in and on the soil. Wetlands may support both aquatic and terrestrial species. The prolonged presence of water creates conditions that favor the growth of specially adapted plants (hydrophytes) and promote the development of characteristic wetland (hydric) soils (Source: EPA.gov).

WORKFORCE HOUSING UNIT

A dwelling unit for which the rent or mortgage payment (including principal, interest, taxes and Insurance P.I.T.I.) does not exceed 35 percent of the gross income of households that classify as very low, low, or moderate income households and meets the other requirements of the Family/Workforce Housing Program.

WOONERF

A street in which pedestrians and cyclists have legal priority over automobile drivers, and which exhibit extremely low design speeds.

WORKFORCE HOUSING UNIT (AFFORDABLE HOUSING UNIT)

A dwelling unit for which the rent or mortgage payment (including principal, interest, taxes and Insurance PITI.) does not exceed 35 percent of the gross income of households that classify as
