“With the Atlantic Ocean at our doorstep, Delray Beach is proud to have a beautiful, world-class beach to call our own. I am especially grateful for the dedicated individuals who have put so much effort into ensuring that our natural beach is safe and accessible and that beachgoers are educated about our conservation initiatives.”

Shelly Petrolia
Delray Beach Mayor

BLUE FLAG DESIGNATION

DelrayBeachFL.Gov

BLUE FLAG

THE BLUE FLAG

The iconic Blue Flag is one of the world's most recognized voluntary awards for beaches, marinas, and sustainable boating tourism. It is awarded annually by an international jury of experts based on complying and maintaining over 30 criteria.

For More Information, visit:

BLUE FLAG GLOBAL

DELRAY BEACH BLUE FLAG

THE AWARD

The Blue Flag is an international environmental award given to communities that fulfill several criteria including water quality, environmental information, education, safety, services, and facilities. This effort by local communities and beach operators ensures everyone can expect to visit clean and sustainably managed beaches across the United States and internationally. The Blue Flag is awarded by the Foundation for Environmental Education (FEE), a non-governmental, non-profit environmental organization that is represented by national organizations in each participating country. The American Shore & Beach Preservation Association (ASBPA) is the U.S. Blue Flag Program National Operator. Founded in 1926, the ASBPA is dedicated to preserving, protecting, and enhancing our coasts by merging science and public policy.

DELRAY BEACH

The City maintains the beach by providing a balance of services that improve the environmental health of the ecosystem while providing a safe recreational amenity for residents and visitors. Delray Beach is unique for being one of the few beaches in South Florida with a dune system that remains widely vegetated with native plant species.
