

# Curb Appeal Program

Eliminating slum and blight within its district is a top priority for the Delray Beach Community Redevelopment Agency.

The Curb Appeal Residential Improvement Program is designed to help by providing grants to the owners of single-family residential properties located in the NW & SW neighborhoods of the CRA District.

Grant funding for the Curb Appeal program is provided by the Delray Beach CRA to assist homeowners with the costs of minor structural and cosmetic property improvements.

Grants will be provided at two funding levels:

**Full Grant:** Covers all costs for improvements; up to \$15,000 per structure

**Matching Grant:** Covers 50% of costs for improvements; up to \$15,000 per structure. The applicant is responsible for paying the difference between the grant award and total improvement costs.
