(a) The Cemetery Manager shall be notified at least 72 hours prior to any interment or entombment and at least one week prior to any disinterment or removal except in case of

emergency or court order. The Cemetery Manager may refuse to make an interment until a more expedient time if the remains arrive at the cemetery gate after 4:00 p.m., or if too many funerals arrive at the same hour.

(b) The Cemetery Manager reserves the right to refuse interment or entombment in any plot, niche, or crypt and to refuse to open any burial or entombment space for any purpose if a written application by a qualified plot, crypt, or niche owner of record is not submitted to the Cemetery Manager.

4. OUTER BURIAL CONTAINER.

Every earth interment shall be made enclosed in a concrete box, or in an outer wall of stone, concrete, or steel. An outer vault or box shall be of a type approved by the Cemetery Manager.

5. INSTRUCTIONS REGARDING LOCATION OF SPACES; ORDERS GIVEN BY TELEPHONE.

(a) When instructions regarding the location of an interment space in a lot cannot be obtained, or are indefinite, or when the interment space cannot be opened where specified, the Cemetery Manager may at his/her discretion open it in such location of the lot as he/she deems best and proper, so as not to delay the funeral.

(b) The Cemetery Manager shall not be held responsible for any order given by telephone, or for any error resulting from imprecise or improper instructions regarding the particular space, size, location, and memorialization in a lot, crypt, or niche where interment or entombment is desired.

6. ERRORS MADE BY CITY MAY BE CORRECTED.

The City may correct any error made by it in making interment, disinterment, or removal, or in the description, transfer, or conveyance of any interment property, by cancelling such conveyance and substituting and conveying in lieu thereof other interment property of equal value and similar location as selected by the Cemetery Manager, or by refunding the amount of money paid on account of said purchase. If the error involves the interment of the remains of any person in a different location, the Cemetery Manager shall have the right to remove or transfer such remains so interred to such other property of equal value and similar location as may be substituted and conveyed in lieu thereof. The Cemetery Manager shall also have the right to correct any errors made by placing an improper inscription, including an incorrect name or date, either on the memorial, marker, crypt, niche, or on the container for cremated remains.

7. DELAYS CAUSED BY PROTESTS.

The City shall not be liable for any delay in the interment of a body resulting from a protest against the interment or from noncompliance with these rules and regulations. Under

such circumstances, the Cemetery Manager has the right to place the body in a receiving vault until full rights have been determined. The Cemetery Manager shall be under no duty to recognize any protests of interments or entombments unless accompanied by supporting documentation, including, where applicable, a court order.

8. CEMETERY MANAGER NOT RESPONSIBLE FOR PERMITS, EMBALMING, OR IDENTITY.

The Cemetery Manager shall not be responsible for obtaining interment or entombment permits or for the identity of the person sought to be interred, or the embalming of the body.

9. INTERMENT CONDITIONED UPON PAYMENT.

No interment shall be permitted on or memorial placed in or on, any lot or plot in the Cemetery where the purchase price thereof and all fees have not been paid in full.

10. INTERMENT OF MORE THAN ONE BODY IN GRAVE.

Not more than one body, or the remains of more than one body, shall be interred in any one grave or single crypt, except in the case of a mother and her infant, unless the grave has been purchased with the written agreement that more than one body or the remains of more than one body shall be interred therein; provided that proper identification is made of such interment or interments on one regulation marker. The space required for the interment of cremated remains shall be the standard plot size; however, the remains of two cremated decedents or one body with one cremated decedent may be interred in one plot.

11. INTERMENT OF CREMATED REMAINS.

(a) The Cemetery Manager shall designate an appropriate section of the Cemetery for interment of cremated remains. Plots within this section shall be of appropriate size, and the cremated remains of only one deceased person may be interred in each plot.

(b) Cremated remains of a deceased person must be contained in a metal, concrete, stone, marble, or granite container for earth burial. If the cremated remains are in a container of wood, plastic, or other perishable material, the container shall be encased inside a concrete or metal vault for earth burial.

12. INTERMENT IN INFANTS SECTION.

The Cemetery Manager shall designate an appropriate section of the Cemetery for interment of infant remains. Plots within the reserved section shall be of appropriate size to permit the interment of one infant less than one year of age.

13. DISINTERMENTS AND REMOVALS.

(a) A body or cremated remains may be removed from its original lot or plot, crypt,

or niche to a larger or better lot or plot, crypt, or niche in the Cemetery or mausoleum, where there has been an exchange or purchase for that purpose and where all fees and additional charges have been paid in full.

(b) The Cemetery Manager shall exercise reasonable care in making a removal, but assumes no liability for damage to any casket, burial case, or urn incurred in making the removal.

(c) The disinterment and reinterment of a body shall require the physical presence of a licensed funeral director, Cemetery Manager and cemetery personnel. The funeral director shall obtain written notarized authorization from a legally authorized person or a court of competent jurisdiction prior to the disinterment and reinterment of a dead human body. In the event that a family member of the deceased requests the disinterment of a body or cremated remains, the Funeral Director shall obtain the written authorization of all known survivors of the deceased prior to the disinterment.

(d)The disinterment and reinterment of cremated remains shall require the physical presence of the Cemetery Manager and cemetery personnel. The requester must provide written notarized authorization from a legally authorized person or a court of competent jurisdiction to the Cemetery Manager prior to the disinterment and reinterment.

14. PAYMENT OF SERVICE CHARGES.

The charges for services in connection with an interment must be paid to the Cemetery Manager a minimum of 72 hours prior to the opening/closing of the grave. Charges for disinterments or removal must be paid at the time of issuance of the order for same.

III. OWNERSHIP

1. SALE OF INTERMENT RIGHTS.

a) The sale of interment rights shall be restricted to individuals who, at time of sale, reside in the City, or are purchasing for a deceased resident of the city, or at the time of sale, are immediate family members of the resident to be interred. The individual(s) must provide adequate proof of residency within the city limits of the City of Delray Beach or kinship.

b) A non-resident with an already interred immediate family member is eligible to purchase a cemetery space, mausoleum niches and crypt spaces for personal interment. Immediate family members are limited to spouse, children, grandchildren, mother, father, brother, sister, grandfather or grandmother, lawful guardian or dependent, of a person already interred. The individual(s) must provide adequate proof of residency within the city limits of the City of Delray Beach or kinship.

c) Any non-resident may purchase Mausoleum niches and crypt spaces.

2. CEMETERY PRICES.

The prices for the Delray Beach Memorial Gardens Municipal Cemetery are set forth in Exhibit "A", attached hereto.

3. RIGHTS OF OWNERS.

(a) Right of interment under owner's certificate of ownership or deed. At the time of purchase of a lot or plot, crypt, or niche and at any time thereafter during the purchaser's lifetime, an owner shall execute a declaration of reservation specifically designating the persons entitled to be buried in the plot or in any or all of the plots in a lot, or vesting the right of designation for unreserved plots in a named person. Upon application by any person for interment of a body in a given burial space, the burden of proof as to the identity of the person to be interred rests upon the applicant. The Cemetery Manager is authorized to rely on the representations as provided in the application.

(b) Right of interment in absence of owner's declaration of reservation. In the absence of a declaration of reservation, the order of interment shall be:

(i) One burial space shall be forever reserved for the owner and for the owner's surviving spouse, if any.

(ii) Lineal descendants of the owner, or owners, and their respective spouses.

(iii) Parents of the owner, or owners.

(c) Vested rights of owners. The burial rights of any owner shall be presumed to be the sole and separate property of the person named as grantee in the certificate of ownership or deed; provided, however, that the spouse of an owner shall have a vested right of interment of his/her body in any burial space conveyed to the other spouse, provided that such person shall remain the spouse of the owner or shall be the spouse at the time of the owner's demise. No conveyance or transfer of a lot or plot shall be made by a married owner without the joinder of the spouse.

4. INALIENABILITY OF CEMETERY LOTS.

All lots, the use of which has been conveyed in a certificate of ownership or deed, are indivisible. Whenever an interment of the remains of a member, or of a relative of a member of the family of the record owner, or of the record owner, is made in a lot, the lot thereby becomes inalienable, and shall be held as set forth in the declaration of reservation.

5. TRANSFERS, ASSIGNMENTS AND REPURCHASE

(a) Cemetery lots, plots, crypts and niches may be transferred and assigned providing that, upon such transfer, the City shall be paid the difference between the original

charge for the lot, plot, crypt or niche and the current charge for such lot, plot, crypt or niche.

(b) No transfer or assignment of any lot, plot, crypt or niche or interest therein shall be valid without the consent in writing of the City Manager. Transfer or assignment must be made upon forms provided by the City for this purpose. The original certificate or deed must be presented at the time application for transfer is made.

(c) A fee of \$75.00 shall be charged for a transfer of ownership in lots, plots, crypts and niches, which shall be paid prior to the City granting approval of the transfer.

(d) An owner of a lot, plot, crypt or niche may only sell such lot, plot, crypt or niche to the City. If the City purchases the lot, which decision shall be in the City's sole discretion, the City shall pay to the owner the cost originally paid by the owner. The original certificate or deed shall be required for the repurchase.

6. CHANGE OF ADDRESS OF OWNER.

It shall be the duty of the lot, plot, niche, or crypt owner to notify the Cemetery Manager of any change in his/her post office address. Notice sent to a lot, plot, niche, or crypt owner at the last address on file in the office of the Cemetery Manager shall be deemed sufficient legal notice.

7. PRESUMPTION OF ABANDONMENT.

(a) There is hereby created a presumption that burial rights in the Cemetery have been abandoned when an owner of unused burial rights has failed to provide the Cemetery with a current residence address for a period of 30 consecutive years and the Cemetery is unable to communicate by certified letter with said owner of unused burial rights for lack of address. No such presumption of abandonment shall exist for burial rights held in common ownership which are adjoining, whether in a grave space, plot, mausoleum, columbarium, or other place of interment, if any such burial rights have been used within such common ownership.

(b) Upon the occurrence of a presumption of abandonment, the City shall publish notice in a newspaper of general circulation in the County which shall provide the name of the owner and burial rights under the presumption of abandonment. If the owner or heir (who can prove ownership interest) fails to come forward within 30 days of such notice, the burial rights shall be presumed to be abandoned and the City may resell such burial rights. In the event the City sells such burial rights and the owner or heir then makes claim, the owner or heir shall only be entitled to a refund of the monies that were paid initially for the purchase of the burial rights.

8. MEMORIALS, MONUMENTS, AND MARKERS.

(a) The placement, location, erection, and construction of all memorials, monuments, and markers within the Cemetery grounds shall be done by a licensed installer subject to the approval and under the supervision of the Cemetery Manager. Whenever possible, all new memorials shall be located in line with those previously established, and all placements shall conform to the size of the plot or lot for which it is intended.

(b) No memorials or monuments shall be permitted above ground in any section of the Cemetery grounds.

IV. CEMETERY REGULATIONS AND RULES OF CONDUCT

All motor vehicles shall be driven on the right side of the Cemetery roadway, and shall at all times remain on the paved portions of such roadways which are specifically provided for motor vehicle usage. No motor vehicles shall be parked or driven on or upon any pedestrian paths, walkways, or unpaved areas, nor parked or stopped adjacent to any open grave except in attendance for the services in connection therewith.

The Cemetery Manager shall not be responsible for frozen plants, or herbage of any kind, or for plantings, damages by the elements, thieves, vandals, or by other causes beyond his control. The Cemetery Manager reserves the right to regulate the method of decorating plots so that a uniform beauty may be maintained. The Cemetery Manager reserves the right to prevent the removal of any flowers, floral designs, trees, shrubs, plants, or herbage of any kind, unless consent is given.

(b) The placing of boxes, shells, toys, metal designed ornaments, chairs, settees, artificial flowers, glass, wood, or iron cases, and similar articles upon plots shall not be permitted, and, if so placed, the Cemetery Manager reserves the right to remove same.
